

TEXAS LEGAL SERVICES CENTER

The Family Helpline is a project of Texas Legal Services Center, a 501(c)(3) nonprofit organization that empowers underserved Texans through free legal education and advocacy.

FREE LEGAL HELPLINE FOR TEXANS WITH CPS QUESTIONS

Speak with an experienced child welfare attorney about law and policy related to child abuse, child neglect, and Child Protective Services.

The Family Helpline provides callers with reliable legal information and education — over the phone and in an anonymous setting. Anyone may call, not just parents of children involved with Child Protective Services. We frequently speak with extended relatives, family friends, and other concerned community members.
